INTRODUCTION

Quality-Style-Innovation

Brief Profile for Lap Shun Manufacture Co. Ltd.

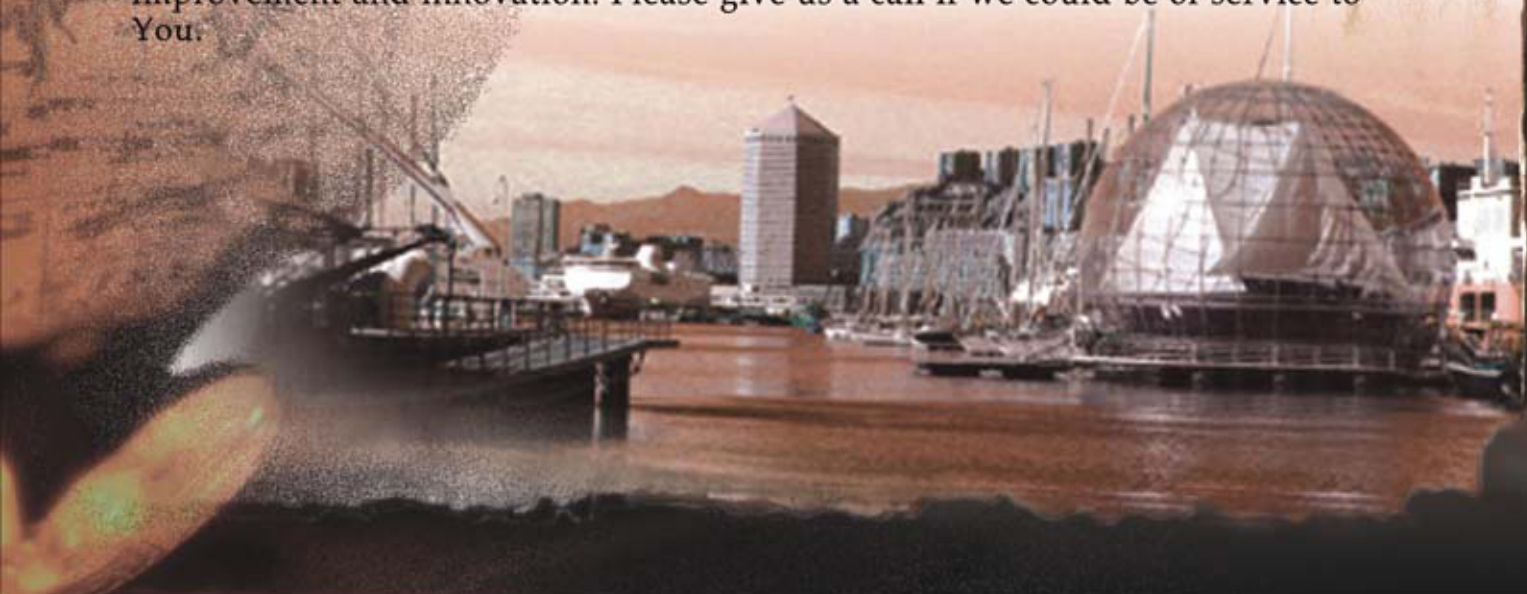

Lap Shun has been established for more than 20 years and specializes in camera and video bags since start-up. Now, Lap Shun carries more than 150 models for various usage. In addition to the main line of camera and video bags, Lap Shun also developed nice models for sport bags, computer bags, CD bags, projector bags and genuine leather bags. Lap Shun has its own strong products development and Ads design departments to launch new series every year.

Starting from Year 2000, Lap Shun has set up another new production area for development and manufacture of tripods and related camera accessories. And different kinds of camera accessories

Lap Shun always insists only good quality and best design will be provided to customers. Thus, for a comparison of the 17 famous brands in the world by Practical Photography in U.K., Jenova bag stood out as the Best Buy model in terms of buying value.

To keep the cost competitive in the market, Lap Shun is the first round of company to shift manufacturing to China. Thus, the factory as set up by Lap Shun was already more than ten year old and has expanded two times since then to now 80000sq ft and over 600 workers with company - wide computerization to maintain minimize material wastage and maximum efficiency.

Lap Shun always on good quality and design and praises itself of constant improvement and innovation. Please give us a call if we could be of service to You.

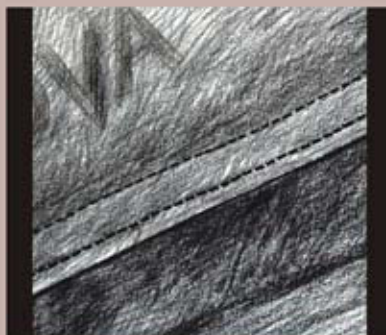

INTRODUCTION

Quality-Style-Innovation

Water-Resistant and durable Nylon, it has a remarkable smooth texture so it is not abrasive and does not collect dirt and lint, and extremely strong and double coated to provide superior weather proofing.

Our workmanship and quality are combination of excellent sewing and production engineering that is reinforced with the finest materials, threads, and findings.

Padded and non-slip backpack strap to ensure that the packs distribute the weight of heavy equipment, and still offer excellent protection and quick access.

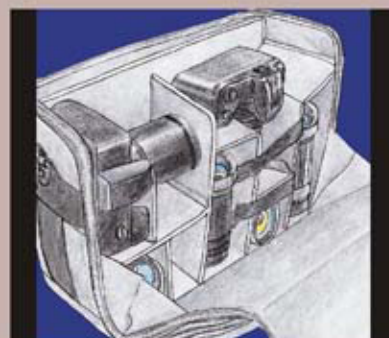

2

Thickly foam-padded shoulder strap made of non-slip material with extra thick foam padding to cushion your shoulder from heavy loads.

Padded handle to ensure the photographers carry the bag comfortable

Adjustable, Foam-Padded internal compartments provide a custom fit for Equipment.

Weather Proof Cover underneath the bag to protect the bag and it's valuable contents from the weather.

Mesh accessory pocket is constructed with a coated mesh with zipper that holds accessories in view yet is strong enough to take the abuse of the roughest expeditions.

Trolley strap system allows the bag to be carried on the top of most rolling system.

JUMBO II SERIES

Quality•Style•Innovation

The largest of the Pro Camera bag is designed to hold your digital SLR, 35mm, or medium format gear with minimal weight and maximum protection. The exterior of the bag consists of two side pockets, one large front pocket. The two outside pockets can hold memory cards, film or a large photo battery, while the roomy front pocket safely holds pens, small photo batteries, MP3 players and digital media. The front strap of the bag enables you to easily attach a tripod or other large photo accessories.

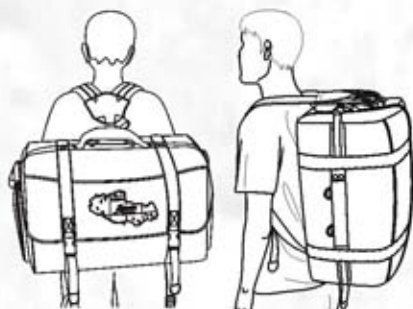

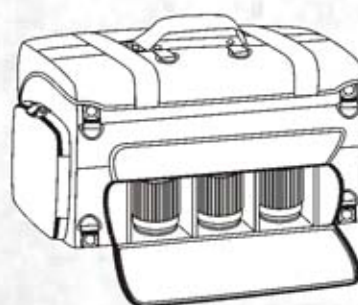

51165

50(L)X20(W)X26(H)cm

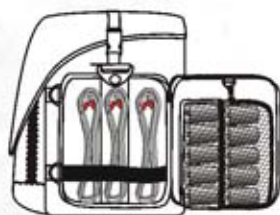

Capacity:

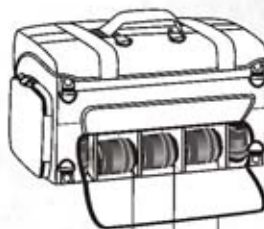

- * 2-3 Pro DSLR, 5-8 Lenses, flash and accessories; or
- * medium format system; including large 6X7 cameras; or
- * Professional video system

Pro Camera Bag backpack carrying strap included to allows the Pro camera bag to be carried as a backpack, it attaches with steel hooks for easy on and off.

The zipped, see-through mesh pocket in the side-bag is great for storing accessories and small items that are normally hard to locate.

It's easy to store telephoto Lenses in the back compartment. The full-length zippering at the back of the bag allows for quick and easy access without moving the equipment stored above.

Trolley strap system design enables the Pro Camera Bag to work in conjunction with any rolling products that have a telescoping handle.
